Approved for consultation 3 Aug 2017

GAMBLING VENUE POLICY – MANAWATU DISTRICT

1. Introduction

This Policy is prepared under Section 101 of the Gambling Act 2003 and Section 65D of the Racing Act 2003. This legislation requires all Territorial Authorities to adopt policies on Class 4 gambling venues (gaming machine sites) and New Zealand Racing Board venues, and to review those policies at least every three years. The Manawatu District Council's Gambling Policy was originally adopted by Council on 1 April 2004. This Policy replaces the Gambling Venue Policy that was made operative on 18 September 2014 and will take effect from (insert date).

The Gambling Act and Racing Act give Councils the ability to limit the number of venues and gaming machines, having regard to the social impact of gambling in the District. In relation to a Class 4 gambling venue, a corporate society is required to apply to the Manawatu District Council for consent in the following circumstances:

- To increase the number of gaming machines that may be operated at a Class 4 venue
- To establish a new Class 4 venue where a licence has not been held by any corporate society for the venue within the last 6 months; or
- To change the venue to which a class 4 venue licence currently applies.

Council consent is part of the licensing requirements of the Department of Internal Affairs.

In accordance with s65A of the Racing Act 2003, a consent is required from the Manawatu District Council (Council) if the New Zealand Racing Board (the 'Board') proposes to establish a Board venue within the Manawatu District.

2. Purpose of these Acts

The Gambling Act has eight purposes, with Councils being given the ability by Parliament to assist in achieving four of these, namely:

- Controlling the growth of gambling
- Preventing and minimising harm from gambling, including problem gambling¹
- Facilitating responsible gambling
- Facilitating community involvement in decisions about the provision of gambling.

The purpose of the Racing Act 2003 is:

- to provide effective governance arrangements for the racing industry; and
- to facilitate betting on galloping, harness, and greyhound races, and other sporting events; and
- to promote the long-term viability of New Zealand racing.

3. Objectives of This Policy

¹ Changes are to ensure consistency with Section 3(b) that was amended on 3 March 2015, by section 4(1) of the Gambling Amendment Act 2015 (2015 No 3).

This Gambling Venue Policy has the following objectives:

1. To provide the Manawatu District Council and the community with influence over the location and operation of Class 4 gambling venues and Board venues within the Manawatu District.
2. To provide opportunities for people to participate in machine gambling and betting on galloping, harness and greyhound races and other sporting events within the Manawatu District
3. To ensure that the local community may continue to access funding from the proceeds of Class 4 gaming in the District
4. To have regard to the social impact of gambling within the Manawatu District, including the cumulative effects² of additional opportunities for gambling.
5. To minimise harm from gambling, including problem gambling.

4. Class 4 Gambling Venues

4.1 General

An applicant for Council consent under this policy must:

1. Meet the application requirements specified in this policy;
2. Meet the fee requirements specified in this policy; and
3. Meet the requirements in Clause 4.5 below.

4.2 Permitted Locations

Note: *It is acknowledged that the Manawatu District Plan is being reviewed sectionally (by Zone Chapter). It is noted that the Village Zones and the Recreation Zone will be subject to a future Schedule 1 process under the Resource Management Act 1991. Consequently, the existing Zone provisions referred to in clauses 4.2.3 and 4.2.4 below may be updated, modified or deleted.*

Prior to Plan Change 46 (PC46) the District Plan did not specifically provide for Class 4 gambling venues in the Village Zones but such facilities were generally provided as part of a “tavern,” “place of assembly” or “restaurant.” The definition of “place of assembly”³ was replaced by “Community Facilities” and the definition of “Restaurant”⁴ was been replaced by “Entertainment Facilities” through PC46.

The new District Plan definition of “Entertainment Facilities” includes “casino and electronic gaming facilities.” However, the operative rules in the Village Zone have not yet been amended to reference these new definitions that were introduced through PC46. The Village Zone Rules will be reviewed through Plan Change 57 (PC57), providing greater clarity on how Class 4 gambling venues are provided for in the Village Zones. Consultation on draft PC57 is scheduled to commence in 2018.

² Section 65D(4)(c) of the Racing Act 2003 and Section 101(4)(d) of the Gambling Act 2003 require Territorial Authorities to have regard to the cumulative effects of additional opportunities for gambling in the District.

³ The District Plan definitions of “Place of Assembly” included “land and/or buildings which are used by people to assemble for ...entertainment...and includes any such premises which are licensed under the Sale of Liquor Act.”

⁴ The definition of “restaurant” included “restaurant premises with an on licence under the Sale of Liquor Act.”
